Relevant Regulations Governing Special Permits from the Lowell Zoning Ordinance:

11.3.2 Criteria. Special permits shall be granted by the Special Permit Granting Authority, unless otherwise specified herein, only upon its written determination that the adverse effects of the proposed use will not outweigh its beneficial impacts to the city or the neighborhood, in view of the particular characteristics of the site, and of the proposal in relation to that site. In addition to any specific factors that may be set forth in this Ordinance, the determination shall include consideration of each of the following:

1. Social, economic, or community needs which are served by the proposal;
2. Traffic flow and safety, including parking and loading;
3. Adequacy of utilities and other public services;
4. Neighborhood character and social structures;
5. Impacts on the natural environment; and
6. Potential fiscal impact, including impact on city services, tax base, and employment.

11.3.2a Criteria For Special Permits Sought Under Article XII: Table of Uses. For special permits sought under Article XII: Table of Uses and as outlined in Section 4.2 of this document, the Special Permit Granting Authority will only grant a special permit to a project that is consistent with the goals of the City of Lowell Comprehensive Master Plan. A narrative must accompany each application and provide significant information to address how the project meets these goals. At minimum, the narrative must answer the following:

Criteria for permits being sought under Article XII: Table of Uses must also meet the following:

A. Application to Master Plan:

1. How does this project adhere to, apply, and promote the goals of the City of Lowell Comprehensive Master Plan? Successful projects should present specific connections between the goals of the Master Plan and the projects themselves.

B. Neighborhood Character:

2. How does this project protect and enhance the character of the existing neighborhood? Successful projects should reflect the density, the urban design, the setbacks, height, and landscaping elements of surrounding buildings.
3. How does this project provide for social, economic or community needs?
4. Is the project consistent with the character, materials and scale of buildings in the vicinity?
5. Does the project minimize the visual intrusion from visible parking, storage and other outdoor service area viewed from public ways and abutting residences?

C. Environmental Issues:

6. Does the project have any negative impacts on the natural environment?
7. Does the project minimize the volume of cut and fill and the extent of stormwater flow and soil erosion from the site?
8. Does the project minimize the contamination of groundwater?
9. Does the project provide for storm water drainage consistent with the local regulations?
10. Does the project minimize obstruction of scenic views?
11. Does the project minimize lighting glare on abutting properties?

D. Traffic, Access and Safety:

12. How does the project address traffic flow and safety, including parking and loading? Does the project provide adequate parking for visitors to the residences? Will the project impact an area with significant on-street parking demand? Will the project require the loss of on-street public parking for driveway curb cuts?
13. Does the project provide adequate access to each structure for fire and service equipment and adequate utilities?

14. Does the project provide adequate and safe pedestrian and vehicle access through and around the project?

E. Additional Impacts

15. Are there any substantial impacts on public services and utilities?
16. Does the project have any negative fiscal impact on the city, including impact on city services, schools, tax base, and employment?
17. Does the project comply fully with the Zoning Ordinance, including parking, signage, landscaping, open space requirements, curb cut lengths and driveway widths?

11.3.4 Conditions. Special permits may be granted with such reasonable conditions, safeguards, or limitations on time or use, including performance guarantees, as the Special Permit Granting Authority may deem necessary to serve the purposes of this ordinance.

11.3.5 Plans. An applicant for a special permit shall submit a plan in conformance with the requirements of Section 11.2.4 (see the City of Lowell Zoning Ordinance), herein. Each special permit granting authority may establish procedures governing such applications by regulation.

11.3.6 Regulations. The special permit granting authority may adopt rules and regulations for the administration of this section.

11.3.8 Lapse. Special permits shall lapse if a substantial use thereof or construction thereunder has not begun, except for good cause, within 24 months following the filing of the special permit approval (plus such time required to pursue or await the determination of an appeal referred to in G.L. c. 40A, s. 17, from the grant thereof) with the City Clerk.
